## New Head of Children's Department

**Brian Debus**

This past spring, Brian Debus officially assumed his position as the new Head Children's Department Librarian. Brian has been with us as a Children's Librarian since 2004. He holds a Masters in Library Science from Long Island University and a Bachelor of Arts in Child Study from St. Joseph's College. During graduate school, Brian also worked at the Longwood and Babylon Libraries. "Mr. Brian", as many of our patrons know him, has been active with such programs as Minecraft and Preschool Story Time, and also coordinated programming for the Summer Reading Club. In addition to his Children's Department responsibilities, he was editor of the library's newsletter from 2005 - 2014. Brian grew up in Three Village and now continues to make a wonderful contribution to our community.

**"My two favourite things in life are libraries and bicycles. They both move people forward without wasting anything. The perfect day: riding a bike to the library."**

## New Kid's Website & Logo

If you haven't already, check out the new website and logo for our children's department at [kids.emmaclark.org](http://kids.emmaclark.org). Both were created by in-house staff and are consistent with the main webpage, which was unveiled last year. The top banner of the kid's website includes log-in and search-the-catalog functions. The main menu items are clear and simple for both kids and parents to navigate ("Home", "E-Resources", "Reading", "Fun and Games", "Programs", and "Parents"), and they drop down to more specific headings. The homepage highlights the latest happenings in the Children's Department and includes Picks of the Week (book recommendations chosen by Emma Clark Library Children's Librarians), a Photo of the Week, and a Video. The bottom banner has the Children's Department contact information and hours. Some notable features include information about library programs and events specific to children, lists of books on your child's reading level, kid's games and recommended apps, free downloads, as well as a parent's page. All content is kept fresh and up-to-date and connects patrons easily to resources that are perfect for kids.

## Technology Center Renovation – Thanks to Senator John J. Flanagan & New York State

Thanks to New York State Senator John J. Flanagan (2<sup>nd</sup> Senate District), we received a \$10,000 Bullet Aid Grant and used it to renovate the Technology Center on the lower level of the library. All renovations such as painting and wiring were done in-house by library employees, allowing the library to use the Bullet Aid Grant money on new technology rather than construction costs.

The Technology Center is used to offer classes to the public on a wide variety of subjects, ranging from those directed at beginners all the way up to more advanced topics (see page 26 for a listing of courses). We offer adult classes on a broad range of topics such as the Internet, Word, Excel, PowerPoint, Facebook, Pinterest, Smartphones and Tablets. Children's and Teen programs include Minecraft and Wii U. There are workshops and drop-in tech assistance sessions that provide help with mobile devices in a personal setting. We even offer a Teen Tech Clinic on the 1<sup>st</sup> and 3<sup>rd</sup> Tuesdays of the month, where teens volunteer to assist adults with their computers and mobile devices. With this latest technology and software, we hope in the future to add classes such as online video creation and editing for teens.

In April, we announced the winners of our 1<sup>st</sup> Annual  
**Helen Stein Shack Picture Book Award**

**Grand Prize: LEAH CUSSEN**  
*(Grades 7 - 9 category)*

**Grand Prize: WENDY WAHLERT**  
*(Grades 10 - 12 category)*

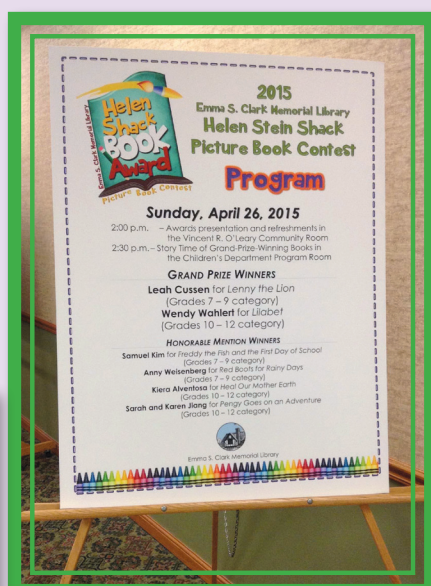

**Honorable Mentions: SAMUEL KIM and  
 ANNY WEISENBERG**  
*(Grades 7 - 9 category)*

**Honorable Mentions: KIERA ALVENTOSA and  
 SARAH & KAREN JIANG**  
*(Grades 10 - 12 category)*

On April 26<sup>th</sup>, we recognized these wonderful teens at a reception during which we awarded a \$500 scholarship to each of the grand-prize winners. Bound books for all winning entries were presented and added to the library's *Local Focus Collection* ([emmaclark.org/local-focus](http://emmaclark.org/local-focus)). In addition, an eBook was made for all winning entries. After the reception, children listened as the award-winning stories were read aloud by their authors.

In attendance at the awards ceremony were the family of Helen Stein Shack (who established a substantial endowment with the library to cover the cost of presenting this award), Councilwoman Valerie Cartright, Receiver of Taxes Lou Marcoccia (representing Supervisor Romaine's office), William Connors (President of the Board of Education), Cheryl Pedisich (Superintendent of Schools), Kevin Scanlon (Assistant Superintendent) and Alan Baum (High School Principal) from the Three Village Central School District.

*A very special thank you to The Bite Size Bake Shop, a local Three Village business, that generously donated desserts for the event.*
